Guaitiaos:

That, my friends, means my friend. I have the honor to invite you to share in an event that reflects a special element of our Puerto Rican heritage, our Taino roots.

Our Taino brothers and sisters are celebrating un Areito, on August 24, 1997 at our favorite beach, Orchard Beach, at grassy picnic area behind Sections Three and Four.

At that time you will have the rare opportunity to see and feel the very presence of our Taino ancestors, through the unbroken lines of heritage and through the artistic expressions, through the human ties that bind us as a people.

Join us.

In peace, your brother

Jose
